

Need To Feel Needed

AMBER

ooh ooh ooh
ooh ooh ooh
Stop don't turn that lock
Hold that key don't drop
It won't take too long
it won't take too long
Stop with all the games
This ain't no charade
You know what I'm talking about
So slowly you and me
You can give me what I need
In this fantasy we gon ride
we gon ride up in ecstasy
Baby tell me do you believe yeah
As a matter of fact let's take it
all the way to the back
'Cause baby I I'm drowning
I'm drowning in the thought of you
in the thought of you
Don't have to go oh oh
Here we know now till the
break of dawn we go go
'Cause all night It's
ooh ooh ooh
like ooh ooh ooh
Yeah I'm a give you to three
Better see you back here with me
We'll be going down
Rolling round not a sound
Every moment counts
yeah every moment counts
Yeah every moment counts
yeah every moment counts
We're doing hard
like them animals do
It's my instinct to get
through to you
We can make it through
and your pays are due

Ready at the race to your heart
So slowly you and me
You can give me what I need
In this fantasy we gon ride
we gon ride up in ecstasy
Baby tell me do you believe yeah
As a matter of fact let's take it
all the way to the back
'Cause baby I I'm drowning
I'm drowning in the thought of you
in the thought of you
Don't have to go oh oh
Here we know now till the
break of dawn we go go
'Cause all night It's
ooh ooh ooh
like ooh ooh ooh
I need to feel needed yeah
'Cause baby I I'm drowning
I'm drowning in the thought of you
in the thought of you
Don't have to go oh oh
Here we know now till the
break of dawn we go go
'Cause all night It's
ooh ooh ooh
like ooh ooh ooh
ooh woah I need you baby
I need to feel needed
