Domesticity

Common Children

Groovy little daddy left home, have you seen him?
Groovy little brother blowing his mind
Groovy little momma got her eyes on Jesus
Groovy little sister says it's all fineYou feel like you want to cry
You eat the bread, you drink the wine
Give me something, not just nothing
Pull ourselves together, groove it lightlyAnd crucify the peacemakers
Criticize and analyze
Crucify the peacemakersGroovy little family left out, have you seen it?
Slaves to the machine blowing our minds
Groovy little nation turning on it's TV
A little prayer of love becoming our crimeYou feel like you want to cry
You eat the bread, you drink the wine
Give me something, not just nothing
Pull ourselves together, groove it lightlyYou crucify the peacemakers
Criticize and analyze
Crucify the peacemakers
