

4 Seasons (feat. Ja. Rule and LL Cool J)

Method Man & Redman

Bitch

Brick City, yoYo, yo Funk Doc straight lunatic since young

At 8 paint chips the rare moon

That pair mics, my maintenance

I battle you and then me and Meth exchange shiftsFor money, to your house arrest anklet

I take it all, if not, here's a thousand

Bricks, be shooting fair ones with bail bonds men

I'm constant, on that paper chaseBlow zip codes from bricks to 8 1 8

Doc serve to you to liquor in the plate

Battle royal, in the ring smoking like ought to owe ya

Fire thrown to the roof of you apartment

Hit 95 then I hide with the Waltons, Down South, the forty-four feela

I'm a Dolo nigga, you a Polo nigga

I'm an Uptown shopper, you a Soho nigga

West side highway running, homo niggaI'm the sultan of the ghetto, the homicidal aficionado

I empty niggas out like Cristal bottles, uh

When I battle, I'm breaking Bentleys down to gravel

I got the heat right here, we ain't got to travellI'm bigger than producers, I figured out you losers

I knew my longevity confuse ya

Big paper game, come on run into these flames

Recognize the power of the royal King JamesPhantom Menace, that's why niggas make faces

Like they drinking Guinness

When they realize I'm not finished

I've been paid, I've been platinum, been spittin', uh

Been eatin', been ballin' and you know I'm shittin'

Platinum links, chicky-eyed blonde hair

Honeys sippin' rainbow colored drinks

Black thugs with white minks, ready to jack the brink

Bend your little wifey over help her stretch out the kinksThat's why ya niggaz freeze when I step up in the
building

The Godfather's here giving blessings to his children

Carrots shine, the world all mine

Can't believe these cats is poppin' shit about papers in their rhymesOr bodies they collect, black Gotti shot a
tech

Them gangsta visions will have you ass up in an ambulance

Cats ain't live, look up in my eyes

We can do this one more time, I'll let you decideThe Alizae swigger, I clock twelve figgas

Think Goulianni's rough I got some real shit for niggas

Never been defeated, niggas retreated

Made the choice to be seated until my mission's completed
 Get loose, get loose, Method Man get loose
 What the world gonna do when my dogs get loose?
 (Blaze one, blaze one)
 Blaze one, blaze one
 Blaze, blaze, blaze one
 Now four corners, 4 seasons
 Four MC's with four reasons to bring this game to it's knees
 And why you down there, suck my dick
 My whole motto is fuck it
 Hit the smoke shop and blow my budget
 MC's abusing my bitch, using my shit
 I'm hanging off the roof with one hand, losing my grip
 Now y'all don't wanna see me do that, now do you?
 Go straight cuckoo and terrorize rap, do you?
 I do my best work stressed out and under pressure
 Deep inside the mind is where you'll find my buried treasure
 I'm still wild, still Tical, still gritty style, foul, crimi-nimal, individual
 Sing a song a six street, pocket full of
 chits
 Too many rappers be on John Gotti's dick
 Now this is something that we don't rehearse
 Put that rap shit second and hip-hop first
 Easy, ain't Nann niggas spitting like me
 Nor Murderers motherfuckin' INC
 Niggas will pass me, look me in the face, ask me
 Are y'all really holdin' weight or did somebody ask me?
 Ja the myth, ready hand me the fifth let me explain
 Your lil' man made me give him a lift
 So you ridin' with gangstas
 I'm up to a whole lot of other shit
 Murderers is the clique, niggas can't deal with
 Try it, you gonna get yours to the heart
 (Hataz)
 Lesson tonight by the four-four
 Niggas want more than a little bit, hot shit
 L.L. an Red
 Ja Rule with Hot Nix I'm the best at that shit
 So bitches explain this
 We ride dick so well, head game from hell
 I love making them yell, my name
 Rule baby and ain't shit gon' change, uh, uh
 Yo Meth, why don't you ask where all the ladies at?
 Where all the
 ladies at?
 All the ladies in the house with the real hair
 The clean underwear and she don't need welfare, make some noise
 Check this shit out
