

# Inside

## Switched

yeah  
break my frustration  
crack the walls that hold me inside  
never seen the light go shining through  
never seemed to like the likes of you  
are you happy now  
you broke me on the inside  
the inside of my soul  
the inside of my soul  
should i act now  
you break me on the inside  
the inside of my soul  
the inside of my soul  
is it just lack of respect  
these things you do to me  
jealousy is all i see  
but you complicate things  
manupilate me  
but theres nothing left to believe  
are you happy now  
you broke me on the inside  
the inside of my soul  
the inside of my soul  
should i act now  
you break me on the inside  
the inside of my soul  
the inside of my soul  
i swear words keep on speaking  
secrets that your keeping  
tongue tied too tied to part of you  
are you happy now  
you broke me on the inside  
the inside of my soul  
the inside of my soul  
should i act now  
you break me on the inside  
the inside of my soul  
the inside of my soul  
you sick why can't you just leave me alone

the inside of my..  
the inside of soul
