

# Sometimes

## Walk Off the Earth

If only you could love me sometimes  
We'd rule the world together sometimes  
You know we'd fight forever sometimes  
And end our wars together sometimes You're at the top of my list  
Higher than milk and eggs  
Higher than Hughy's fist You keep my temperature hot like I was feverish  
I'm not a business man but let's do business chick  
I'm like a ceiling fan, I keep you cool 'n shit  
I dismiss promiscuous miss' like Jehovah's witness does to Christmas  
Together as one our lives are the wickedest  
Apart our lives are hideous  
I got you, I got you boy  
Sometimes the love try to be the only friend to ya  
It causes stress on ya but gets you out of bed like a rooster  
Cut, forgetting all my worries like I'm high You make me feel taller than the sky  
Together as one our lives are the wickedest  
Apart our lives are hideous  
I got you, I got you boy Sometimes the love dies and that's the only end you see,  
But not for you and me, I got you 'till the ending  
If you call out in distress or need, I'll be there more than a Mormon marries  
Together as one our lives are the Wickedest  
Apart our lives are hideous  
I got you, I got you boy  
I got you, I got you always
