Saved The Best For Last

Take 5

There's somthing special about you
Could it be a spell you put on me that got me loving you?
In the middle of the night I wake up to a cold sweat
Cause I'm thinking of youIt seems to me like it's make believe
A dream girl like you, wanting to be with me
So I pinched myself to see if you'd fade away
Never went away ...So I said to myselfIf I would have known baby what I know now
I would have saved my love for you , and only you
But since I didn't know then what I know now, there's one thing that I know
I'm glad I saved the best for lastI always think about me and you
I shed a tear for every year that me and you should have been
I will always tell you how I feel, 'cause Momma told me never let your silence speak for youIt seems to me like it's make believe
Aa dream girl like you, wanting to be with me
So I pinched myself to see if you'd fade away
Never went away ...So I said to myselfIf I would have known baby what I know now
I would have saved my love for you , and only you
But since I didn't know then what I know now, there's one thing that I know
I'm glad I saved the best for lastAll the pain, I experienced
Bad relationships, could have been avoided
If I only knew, you were out there
I would have saved all of my love for youIf I only knewIf I would have known baby what I know now
I would have saved my love for you , and only you
But since I didn't know then what I know now, there's one thing that I know
I'm glad I saved the best for last
