

# In The Death Car

Iggy Pop

A howling wind is whistling in the night  
My dog is growling in the dark  
Something's pulling me outside  
To ride around in circles  
I know that you have got the time  
'Cause anything I want, you do  
You'll take a ride through the strangers  
Who don't understand how to feel  
In the deathcar, we're alive  
In the deathcar, we're alive I'll let some air come in the window  
Kind of wakes me up a little  
I don't turn on the radio  
'Cause they play shit, like  
You know  
When your hand was down on my dick  
It felt quite amazing  
And now that, that is all over  
All we've got is the silence  
In the deathcar, we're alive  
In the deathcar, we're alive  
So come on mandolins, play When I touched you  
I felt that you still had your baby fat  
And a little taste of baby's breath  
Makes me forget about death  
At your age you're still joking  
It ain't time yet for the choking  
So now we can see the movie and see each other truly  
In the deathcar, we're alive  
In the deathcar, we're alive  
I want to hear some mandolins
