(Nightflight to Venus)
(Nightflight to Venus)
(Nightflight to Venus)
Ignition lift offNightflight to Venus
Way out there in space
Nightflight to Venus
Our new fav'rite placeNightflight to Venus
All systems are go
Nightflight to Venus
The sky is aglowLadies and Gentlemen
We've had a successful take-off
On this first nightflight to Venus
Our flying time will be 8 hours
We'll be traveling at a speed of
2183 miles per secondNightflight to Venus
Nightflight to VenusCaptain unidentified object at 8 o'clock
2 million miles away
Stand by for emergency maneuver
Object coming closer at the speed of light
We have 8 more seconds
Change course by 4 point 6 degrees
Order admittedLadies and Gentlemen
In a few minutes we are
Going to be landing on Venus
Push the button on your left side
The safety mechanism will do the rest for youWe hope you enjoyed
The world's first nightflight to Venus
Have a good time there
