

# Love You Any Less

## Rag'n'Bone Man

Sunlight is too much for you to bear  
It's high time you came up for air  
Don't hide a single thing  
behind your perfect skin

Don't keep your secrets in a prayer  
There is nothing you can say or do  
I won't cut you loose, no  
So break the silence

We know that we can brave it all  
If you're hoping we'll be home  
Don't be afraid to ask for help  
It won't make me love you any less  
It won't make me love you any less  
Don't hide behind me

You're strong enough to face the fall  
It won't make me love you any less  
No shame, no hurt, nothing to lose  
My love my heart don't need to prove  
And there's nothing you can say or do  
There's no one that can change my mind

It's not a weakness, we all have our crosses to bear  
If you're hoping we'll be home  
Don't be afraid to ask for help  
It won't make me love you any less  
It won't make me love you any less  
Don't hide behind me

You're strong enough to face the fall

Woah, it won't make me love you any less  
Time to call me from the cold

Time to let the truth be told  
It won't make me love you any less  
If you're hoping we'll be home  
Don't be afraid to ask for help  
It won't make me love you any less  
It won't make me love you any less  
Don't hide behind me

You're strong enough to face the fall

Woah, it won't make me love you any less
