Red Blanket Room

Circle Jerks

red blanket roomtubes in your arms
where do they go?
tubes up the nostrils
god only knowsevryone there
looks pathetic
life or death
only takes a minuteI ate drano
what did you do?
he shot junk
she drank glue
how about you?pills and booze
do it everytime
real smooth trip
suicide86'd
you've gone under
lights go out
things get darker
