

# Dont Touch Me There

## Silent Rage

I was doin' fine on my own  
Then you came around cold as stone  
Said don't worry. won't ask much  
Well thatâ€™s all right I'm just lookin' for a touch

You tried to give my body hell  
But I'm not the one to kiss and tell  
You said you'd stick to my skin  
Now my heartâ€™s beatin' faster and I'm given' in

### Chorus

Don't touch me there  
'Cause that's my heart  
I told you that right from the start  
You should have played it cool  
Should have played it smart  
Don't touch me there  
â€™Cause that's my heart

I've been hurt and abused  
And I thought Iâ€™d paid my dues  
I wanted no ties to hold me down  
Was runnin` free till you came around

You. now you're gettin' too close  
Your grip's closin' in and I'm losin' all hope  
You, you said your love would't stay  
Now I can't keep love away

### Chorus

You think you know me well  
But you're not the one that's been put through hell  
You, you're layin' under my skin  
My heartâ€™s beatin' faster  
And I'm gettin' in

### Chorus
