Crazy Possessive

Kaci

I think I'm crazy
I think I'm going out of my mind
You call me crazy
I thought I saw you touching my guy
Are you crazy?
Maybe I should take you outside
And show you crazy
Ooh, I got your crazyA little hazy
Maybe I'm just losing my mind
I think you're shady
I know that you've been calling my guy
Are you crazy?
Now I'm gonna take you outside
And show you crazy
Ooh, I got your crazyCall my man again and I'm a fuck you up
And I'm a fuck you up, and I'm a fuck you up
Touch my man again and I'm a fuck you up
And I'm a fuck you up
And then you call me your best friend
And then you call me your best friendCall me crazy
Every time that I turn around
You're on my baby
Ooh, but I'm his lady
Am I possessive?
Just because I'm claiming what's mine
You're crossing the lineWhy are you constantly calling him up
To pick him up, let me know now
You call me your best friend
Then turn around and secretly text him
You call me crazy, ooh I got your crazyCall my man again and I'm a fuck you up
And I'm a fuck you up, and I'm a fuck you up
Touch my man again and I'm a fuck you up
And I'm a fuck you up
And then you call me your best friend
And then you call me your best friendThey call me crazy, they say I'm crazy
I know you are but what am I?
I know you are but what am I?
They call me crazy, I think I'm crazy
I know you are but what am I?

Ooh, I got your crazyCall my man again and I'm a fuck you up
And I'm a fuck you up, and I'm a fuck you up
Touch my man again and I'm a fuck you up
And I'm a fuck you up, ooh I got your crazyCall my man again and I'm a fuck you up
And I'm a fuck you up, and I'm a fuck you up
Touch my man again and I'm a fuck you up
And I'm a fuck you up
And then you call me your best friend
And then you call me your best friend
I hope I'm crazy
