Learning How to Die

Jon Foreman

I'm gonna miss you
I'm gonna miss you
When you're gone
She says, I love you
I'm gonna miss you
And your songsAnd I said, please
Don't talk about the end
Don't talk about how
Every living thing goes away
She said, friendAll along I thought
I was learning how to take
How to bend not how to break
How to live not how to cry
But really
I've been learning how to die
I've been learning how to dieHey everyone
I've got nowhere to go
The grave is lazing me
He takes our body slowAnd I said, please
Don't talk about the end
Don't talk about how
Every living thing goes away
I said, friend,
All along I thought
I was learning how to takeHow to bend not how to break
How to live not how to cry
But really
I've been learning how to die
I've been learning how to die
Die, die
I've been learning how to die
I've been learning how to die
