

Gnaw

Haste the Day

Take down
Like torment
Until it all breaks the surface
I feel it gnawing on the inside
I feel it flowing through my veins
I open my mouth
Let it all out
Like daggers that break
Daggers to break the skin I feel it gnawing on the inside
I see it happening
Over and over again
Temper falls to the wayside
And I am fine
I am indifferent to this
Move forward
To let it all out
To be honest with myself
It all falls to the wayside
And I am fine
I am indifferent to this Let go of everything
From the inside out
The inside out
How can we change ourselves?
From the inside out
The inside out I feel it gnawing on the inside
Over and over again
Feel it gnawing on the inside
Over and over again
Move forward
Let this always happen
Over and over again
But I am fine
I am indifferent to this
Move forward
Let this always happen
Over and over again
But I am fine
I am indifferent to this Let go of everything
From the inside out

The inside out
How can we change ourselves?
From the inside out
The inside out I feel it gnawing from the inside
Over and over again
I feel it gnawing from the inside
Over and over again
I feel it gnawing from the inside
Over and over again
I feel it gnawing from the inside
Over, over again I feel it gnawing from the inside
I feel it happening
Over and over
I feel it gnawing from the inside
I feel it happening
Over and over
I feel it gnawing on the inside
I feel it happening
Over and over again
