Stupid, Stupid Man

Superjoint Ritual

Celebrate your yellow eyes no intention self prevention
A horror tide death for dead borrowed time a hallowed lifeYou're fucking dead, you're fucking deadHungry for the mother love, you instigate a situation
Half a head, half a body, baby rapist dick less wonderYou're bought and sold, you're bought and soldCrap full, not sure, my fears
The rain comes, like blood
Invented, for your amateur soulWhy I can't say?
Kiss it goodbye
Now could you hear, betray
I could said
Kiss it goodbye
Oh, life dead
