Beautiful Place

Ginger Millermon

Jesus called you home he wanted you there
Though it was hard to let go we say good bye with a prayer
Your stay here was joy but God's time's always right
You are in his care never out of his sight
And though we long for you here
Beside of the stars we know with God
You're at home now and happier by far
In Jesus loving arms he's holding you near
In a place of no pain and no tears
With angels singing praise to the king
And with a smile on your face
You will die to Jesus' tender hand
And you knew heavenly place
Such a beautiful place, beautiful place
What a home you have in heaven so bright
Where there is no need for the sun
The lamb of God is the light
There's a sacred glass in the city of gold
With a river of life and beauty untold
And though we miss you here our little one
We know we'll see you again in the light of God's sun
In Jesus loving arms he's holding you near
In a place of no pain and no more tears
And with a smile on your face
You will die to Jesus' tender hand
And you knew heavenly place
Such a beautiful place, beautiful place
Such a beautiful place
