

# My Interpretation

## Mika

You talk about life, you talk about death  
And everything in between  
Like it's nothing and the words are easy  
You talk about me, you talk about you  
And everything I do  
Like it's somethin' that needs repeating  
I don't need an alibi  
For you to realize  
The things we left unsaid  
Are only taking space up in our heads  
Make it my fault, win the game  
Point the finger, place the blame  
And toss me up and down  
Doesn't matter now 'Cause I don't care if I ever talk to you again  
This is not about emotion  
I don't need a reason not to care  
What you say, or what happened in the end  
This is my interpretation  
And it don't, don't make sense  
The first two weeks turn into ten  
I hold my breath and wonder when it'll happen  
It doesn't really matter  
If half of what you said is true  
And half of what I didn't do could be different  
Would it make you better?  
If we forget the things we know  
Would we have somewhere to go?  
The only way is down  
I can see that now 'Cause I don't care if I ever talk to you again  
This is not about emotion  
I don't need a reason not to care  
What you say, or what happened in the end  
This is my interpretation  
And it don't, don't make sense  
Is splitting up such a sacrifice?  
If I every talk to again  
This is not about emotion  
I don't need a reason not to care  
What you say, or what happened in the end  
This is my interpretation  
And it don't, don't make sense  
And it don't have to make no sense to you at all  
'Cause this is my interpretation
