Telemiscommunications

Deadmau5

Hey babe, hows ya day been?
No, you first, oh what?
The delay's quite bad
Yeah, sorry
Where are you I cant really hear you?
A taxi, distracted
Anyway, you... you were saying
Wait, ah, now, they're waving me over
Can I call you back?
Yeah, everything's fine, why?
Am I? I don't know why,
I probably just need sleep.
It's been a busy week
Sorry I've got to go
Sorry...ok, bye.
[CHORUS]This is just so unlike us,
Cut back to horizontalisms
If we could win just one small touch
Contact versus telemiscommunications
Plan foiled, sirens pass by, kids screaming,
The longest public announcement
Reached check-in, finally got through,

Running for a flight, shoes off,
You're calling voicemail
In-joke, group laughter, closing scenes,
In a meeting
Angel. Angel! Why didn't you tell me?
One second, someone needs directions
Can't you see I'm on the phone?!
This is just so Unlike us.
Cut back to horizontalisms
If we could win just one small touch.
Contact Versus Telemiscommunications.
So Unlike us (Unlike us).
Cut back to horizontalisms
If we could win just one small touch.
Contact Versus Telemiscommunications.
Did I tell you, I loved you, today?

Did I tell you, I loved you, today?
Did I tell you, I loved you, today?
Did I tell you, I loved you, today?
Did I tell you, I loved you, today?
Did I tell you, I loved you, today?
Did I tell you, I loved you, today?
Did I tell you, I loved you, today?
