Dayglo Reflection (ft. Lana Del Rey)

Bobby Womack

The earth is but a dayglo reflection
A time that will bring you only light
I'm falling to myself but I'm not going
Waiting for the day to bring me lightIs everything, is that everything, is everything
The only thing I ever dreamed is you and me
'Cause I've layed down I take you down
And I love it every step of your wayWatching from a distant constellation
Eyes I can see the world unchanging hills
There's still unfalling waiting
Time with you is that love is the only truthIs everything, is that everything, is everything
The only thing I ever dreamed is you and me
'Cause I've layed down I take you down
And I love it every step of your way
