

# Dayglo Reflection (ft. Lana Del Rey)

**Bobby Womack**

The earth is but a dayglo reflection  
A time that will bring you only light  
I'm falling to myself but I'm not going  
Waiting for the day to bring me light  
Is everything, is that everything, is everything  
The only thing I ever dreamed is you and me  
'Cause I've layed down I take you down  
And I love it every step of your way  
Watching from a distant constellation  
Eyes I can see the world unchanging hills  
There's still unfalling waiting  
Time with you is that love is the only truth  
Is everything, is that everything, is everything  
The only thing I ever dreamed is you and me  
'Cause I've layed down I take you down  
And I love it every step of your way
