Shuck

Purity Ring, Purity Ring

When the moon is full,
And I've cried.
I'll take up your guts,
To the little she'd outside.
I'll shuck all the light from my skin,
And I'll hide it in you.
I'll pluck the long grass,
That grows from me,
And hide it in you.
(Chorus: You You You)
I'll pretend I'm blind in one eye,
And I'll hide it in you.
It's like your head is crumbled,
And hiding in you.
(Chorus: You You You)
