

Bombenhagel

Sodom

Bombenhagel, bombenhagel
Bombenhagel, bombenhagel
Bombenhagel, bombenhagel
Bombenhagel, bombenhagel
Bombenhagel As we heard the threatening sirens
Warned against the bombing raid
We cowered in a shelter
They left us to our fate Bombenhagel, bombenhagel
Bombenhagel, bombenhagel Stukas dived to bring its mortal dread
Bombs fell down as rain
Explosions shook the ground
Debris is buried the dead again Bombenhagel, bombenhagel
Bombenhagel, bombenhagel Waiting for the painful decision
Senseless action of Germans on and on
Only suicides delivered is from suffering
What does the future have in store Bombenhagel, bombenhagel
Bombenhagel, bombenhagel
