

# End Up Here

[Cher Lloyd](#)

Boy I was watching you move  
Sorta checking you out  
Love what you do boy we oughta paint the town  
You can watch me get to it double roll and lean  
Make up your mind if you like it what you see  
Don't want no flowers, don't buy me no gifts  
I need somebody who can take hear this  
I'm loving what you do cause I know you do it well  
You got the game real smarter I can tell[Chorus]  
Please don't play baby you do games  
Let's start to put out your play  
I I I I don't share a tear  
And I I I I didn't wanna end up here  
Could you get me that dress  
Could you go right round  
Give me that stuff wanna make you wanna get down  
I I I I didn't wanna end up here Yeah I went through your phone I didn't like what I seen  
You promised you'll be true your man you fooled out me  
My friends warned me that I waste my time  
I saw your true heart is almost lost my mind  
Looks like you do the same to all your other girls  
Except you bought them flowers and you bought me pearls  
When you're going up tonight I know you see her in  
So you're pictured together so now you're kissing all your friends[Chorus]'Cause I don't need right now  
With all of most sippin through your hands  
Now my heart is broken  
I'm moving on yeah yeah  
I'm moving on yeah yeah  
I'm moving on yeah yeah[Chorus]
