

Blackest Day

[Joanne Shaw Taylor](#)

I am waiting so long, to hear what you say,
Thought it has something so special,

Yeah baby
Why would you do me this way
I have been given you all my love and
That day is gonna be my blackest day

When we first met,
You said we never apart,
But i know your lying,
Coz you ended up breaking my heart,

Yeah baby
Why would you do me this way

I have been given you all my love and
That day is gonna be my blackest day

Just one more chance,
Can we look in for a start,
I do anything just give me back my heart,

Yeah baby
Why would you do me this way,

I have been given you all my love and
That day is gonna be my blackest day

Gonna be my blackest day
Gonna be my blackest day
