Supergrass

Find your dreams in animal scenes down at the nightclub
She's got appeal, I like what I feel yeah, I'm going to lose it
Do what you want and do it again
I wanted a change, I blew it again, ohWell, I didn't mean to, try and deceive you
Now I'm feeling so ugly
Yes I hurt you, baby I love you
And I want you to come home now
Oh, ohI always try to walk the line, I couldn't see it
So many times, you said you'd leave, but I didn't believe it
I know what I want, I can't explain
I blew it again, I blew it againWell, I didn't mean to, try and deceive you
Now I'm feeling so ugly
Yes I hurt you, baby I love you
And I want you to come home now
Oh, oh, oh, ohAside from waiting, I could take you home
But hanging on I'll never knowWell, I didn't mean to, try and deceive you
Now I'm feeling so ugly
Yes I hurt you, baby I love you
And I want you to come home now
Oh, oh, oh, ohYeah, finally come
