

Supergrass

Find your dreams in animal scenes down at the nightclub  
She's got appeal, I like what I feel yeah, I'm going to lose it  
Do what you want and do it again  
I wanted a change, I blew it again, oh Well, I didn't mean to, try and deceive you  
Now I'm feeling so ugly  
Yes I hurt you, baby I love you  
And I want you to come home now  
Oh, oh I always try to walk the line, I couldn't see it  
So many times, you said you'd leave, but I didn't believe it  
I know what I want, I can't explain  
I blew it again, I blew it again Well, I didn't mean to, try and deceive you  
Now I'm feeling so ugly  
Yes I hurt you, baby I love you  
And I want you to come home now  
Oh, oh, oh, oh Aside from waiting, I could take you home  
But hanging on I'll never know Well, I didn't mean to, try and deceive you  
Now I'm feeling so ugly  
Yes I hurt you, baby I love you  
And I want you to come home now  
Oh, oh, oh, oh Yeah, finally come
