

# Lovesick

Tlc

Saw you two the other day and I must say that she looks great  
You all make the cutest two, I guess I should be glad for you  
But the thought of you just makes me sick  
It's been two weeks and that's too quick  
I can't say that, "I'm doin' fine" 'cuz I'm 'bout to lose my mind  
And I don't know what I'll do so  
Real sad for me, too bad for you  
That I'm so lonely and confused  
I've gotta take it out on you  
'Cuz you left me for some chick, now I'm lovesick baby  
Saw myself on Ricki lake, overweight and full of hate  
'Cuz some asshole left me in distress, I used to look down on all that mess  
Seems like everything just changed  
Once I gave my love to you, you went away  
Since you are the one to blame  
You better figure out how to get it back baby  
Real sad for me, too bad for you  
  
That I'm so lonely and confused  
Gotta take it out on you  
'Cuz you left me for some chick, now I'm lovesick baby  
Before I met you I didn't think a man could ever do a thing  
To take away my independence baby  
Before I met you I was straight, now I'm 'bout to go insane  
So you better think about it baby  
Real sad for me, too bad for you  
That I'm so lonely and confused  
Gotta take it out on you  
'Cuz you left me for some chick, now I'm lovesick baby  
Real sad for me, too bad for you  
That I'm so lonely and confused  
Gotta take it out on you  
'Cuz you left me for some chick, now I'm lovesick baby
