Down In A Second

Phantom Planet

Can I find a place
Of solace to unscale?
Should I take a social climb?
Should I fail?
Have we gathered here to buzz
Or just to roach?
Have I bought another problem to approach?

If you want to leave me
If you want to just throw me away
I'll be down in a second
I'll be down in a second

How come now it seems
That you no longer care?
How can I live a life
That seems no longer fair?
Have we noticed yet
That this is not a game?
Have I bought a fast way
To a claim to fame?

If you want to leave me
If you want to just throw me away
I'll be down in a second
I'll be down in a second

If you want to leave me
If you want to just throw me away
I'll be down in a second
I'll be down in a second

If you want to leave me
If you want to just throw me away
I'll be down in a second
I'll be down in a second
