

The Unknown Immortal

Joe Strummer

Dal e mi soul, y me incuerdo
Did you see my family?
We had a sweet simple glory
We had a gallant who works for meFor I was once an immortal
With General Walker's gringo army
Yeah, I was once an immortal
With William Walker's gringo armyMust be seven years that I followed him
All across the southern sea
And I never thought I'd hear the hammer
Beating on the iron of slaveryFor I was once an immortal
With General Walker's gringo army
Yeah, I was once an immortal
With William Walker's gringo armyYeah, I hear the horrors go to the barricade
You're going hungry without any guns
So senorita for the last time now
Share some love with the unknown oneFor I was once an immortal
With General Walker's gringo army
Yeah, I was once an immortal
With William Walker's gringo armyYeah, I thinkin' on immortal
In William Walker's gringo army
