

Let The Good Times In

The Partridge Family

Let the good times in

The leaves of life are falling down around you, girl Nothing's so bad that it can't be a-changin'

Start rearrangin' life on a shelf

Nothing but sadness and out of the fun

'Cause you're having none alone by yourself Look through the tears that fill your eyes, yeah

And just throw off your troubles and leave them behind You better let the good times in, let love shine too

You'll see how happy we can be together

Let the good times in

The leaves of life are falling down around you, girl How does it feel with your feet in the water?

Now is the time you want to get wet

What would you do if I told you I loved you?

Would you believe me? What would you do? Let's ride a dream that's made for two, yeah

And just hop on a rainbow that's waitin' for you Why don't you let the good times in, let love shine too

You'll see how happy we can be together

Let the good times in

The leaves of life are falling down around you, girl Come on, let the good times in, let love shine too

You'll see how happy we can be together

Let the good times in

The leaves of life are falling down around you, girl
