## Tyler, The Creator

Uhh, addicts arise, when I arrive  
In this cracked crack fag back slap in disguise  
Fat sack of knives in the passenger side, bitch  
Reach for the door, get your access denied  
[Tyler]I'm not an asshole I just don't give a fuck a lot  
The only time I do is when a bitch is screamin' "Tyler, stop!"  
The big bad wolf to me you're just a minor fox  
Red ridin' is gettin' some of this wolfly odder cock  
[Earl]We the niggas you scared of, like bad dentists  
Flow is anthemic, dirty like it's plants in it  
Sick, spit a pandemic, crack and Cancer mixed with cannabis  
To have a bitch, ready to stab a clit with some glass and shit  
[Tyler]Your whole gang will be diminished, Bunch got the Brady's in it  
Spit sick shit like my saliva got the rabies in it  
Fuck rap, I'll be a landlord so I can rape a tenants daughter  
Leave my house with a new stomach, and a baby in it  
[Earl]Face it, me and Ace's is sick like malaria carriers  
Jim Carrey her to the cemetary to bury her  
Listen busters, scarier when I finger fuck her  
After I dig her up and then eat her out with a bit of mustard  
[Tyler]Took karate, mommy told me "Tyler toughen up"  
Rihanna haircut, somebody tell Chris Brown to fuck me up  
Had to teach the bitch manners, now I gotta learn her  
I'll beat the fuck out your bitch anonymous, Ike Turner  
[Earl]Over, sloppy seconds is my preference  
Except for when I'm feedin' on the flesh of a pedestrian  
Nessy loch monster stop! Will he though? Probably not  
Silly hoes lick my balls like FIFA lollipops  
[Tyler]Get the certain tingle, eatin' Haagen Dazs  
With some soccer moms while they like to fuckin' sit and mingle  
Watch an Animal Planet document on the Eagles  
In the flyest '06 Supreme beanie, Sigel  
[Earl]  
Your grind's feeble, I'm regal, really, I'm Willy Smith  
I am Legend a Snicker dick in a vanilla chick  
Come take a stab at it faggot, I preordered your casket  
This is known as a classic, yeah that chapped lips crack shit  
[Tyler]Hat is always forest so the bitches call me Gump  
But compliment her tits and then its off to hump her

Fuck her in a hummer while I rape her and I put her in a slumber  
It's not a figure of speech when I tell you that I dumped her  
[Earl]No narcissists, sippin' on arsenic  
Carved carcasses in the garage, don't park in it  
Hard as finding retarded kids at Harvard  
It's Wolf Gang barkin' keep you up like car alarms and shit  
[Tyler]Over the edge, yeah I had in a potato sack  
Cause I'm cold as ice like Anasia when she fuckin' Traq  
I'm the type to put you down and bring myself up  
So when I rape a bitch I hold her down and get my best nut  
[Earl]We're reincarnation of '98 Eminem  
60 Crip and Grizzly and some RMK Denim  
Pay attention I'm stabbin' your women friends, like a gentlemen  
Then dippin' with the fuckin' pen to go sin again  
[Tyler]White girl, you can ask her what the dick be like  
At monster madness doin' drive by's on a fuckin' fixie bike  
Fuck it moron, snortin' oxycontin, wearin' cotton  
Oxymoron like buff faggots playin' sissy dykes  
[Earl]This the shit that get cripple bitches to hop  
Dirty crack pipes with, bullshit to stop, ho  
Boss broke, spouse choke, blouse open  
Sly's little shop of horrors, now showin'  
[Tyler]I hate gays, gangbangers and fuckin' jerkers  
Unless it's gay gangbangers: that's fuckin' jerkers  
Whoa yo, yo.. no homo, I'm not gay, faggot  
Odd Future Wolf Gang, Wu-Tang bangin' in your system  
Probably banging in your sister with my children swimmin' in her system  
Let me say this shit in slow-mo, homo  
You don't fuckin' skate, take off that Box Logo
