Sundials

Alkaline Trio

You were like a toilet bowl at the end of the rainbow Something like a pot of gold stuck under my pillow Keeping me up at night you kept my head spinning And wishing there were windows to throw you from, throw you from

Day or night
Fuck if I know
Hard to tell with no fucking window

What good are sundials once the sun is gone?
What are you good for?And we laid in my bed like a train wreck
And we both got laid like concrete

And sundials

And we both got laid like concrete

And we fought like soldiers

But we died... We died like flies

Day or night
Fuck if I know
Hard to tell with no fucking window
And sundials

What good are sundials once the sun is gone? What are you good for?
