55 Escape

WEAK!

I am crawling on my knees
I am tired of begging please
I am falling down the stairs

(WAKE UP YOU'RE WEAK!) In my head I went erased
but my life has gone to waste

I am falling on my face

(YOU'RE WEAK, YOU'RE WEAK!) Watch me turn this around
Take the pain from my life
Walk the distance from fear

Forever

x2 Forever! WEAK!

I am crawling on my knees
(WAKE UP YOU'RE WEAK!)

I am falling on my face
(YOU'RE WEAK, YOU'RE WEAK!)

I am crawling on my knees
I am tired of begging please
I am falling down the stairs

(WAKE UP YOU'RE WEAK!) Watch me turn this around
Take the pain from my life
Walk the distance from fear

Forever

x2 I am falling on my face (epic guitar solo)
Forever! Watch me turn this around
Take the pain from my life
Walk the distance from fear

Forever
