I Totally Miss You (Instrumental)

Bad Boys Blue

I did you wrong
My foolish heart went down to play
And then I lost you
Oh what a price for me to pay
Where have you gone?
Baby were you gone?
Oh, I totally miss you
My heart is painted blue
I totally miss you
I can't stop loving you
So please come back
(Girl: You'll be making me blue)
Please come back
(Girl: For you have promised me the world
But you have been untrue)
I totally miss you
I keep on waiting
But in my dreams I see your face
You're still in my life
No one else can take your place
Where have you gone?
Baby were you gone?
Oh, I totally miss you
My heart is painted blue
I totally miss you
I can't stop loving you
So please come back
(Girl: You'll be making me blue)
Please come back
(Girl: For you have promised me the world
But you have been untrue)
I totally miss you
I totally miss you
Oh, I totally miss you
Where have you gone?
Baby were you gone?
Oh, I totally miss you
My heart is painted blue
I totally miss you

I can't stop loving you
So please come back
(Girl: You'll be making me blue)
Please come back
(Girl: For you have promised me the world
But you have been untrue)
Oh, I totally miss you
I totally miss you
