My New Friend

Carousel

I'll give you everything tonight.
I won't give up until you'e mine.
Cause I need somebody in my life tonight.
Girl you know you are quite defined.I'm gonna be real now.
I just won't just leave you.
You're all that I see and I really need someone.
I'm gonna be real now.
I just won't just leave you.
Yeah, you can be my new friend.
Yeah, you can be my new someone.I'll give you more than you can buy.
Just come along I'll let you drive.
Yeah, I know you've got me.
I don't mind tonight.
I promise I won't bite, I'll be nice.I'm gonna be real now.
I just won't just leave you.
You're all that I see and I really need someone.
I'm gonna be real now.
I just won't just leave you.
Yeah, you can be my new friend.
Yeah, you can be my new someone.
