When You Go

Gus Black

Given all the things in life
This should come as no surprise
We're better off now it's said,
Don't make a farce of us
There's a better life in between who we are and who we see
We see, the circle is brokeWhen you go, feeling that chokes
When you go, fever that soaks
When you go, you go away
Into the unknown
When you go, it breaks all hope
When you go, cuz it chokes
Given all the pain inside
Emptiness you cannot hide
Won't someone set if off in your head
Hope can't feel lost of this
But there's another side to be seen
Where we are and where we'll be
Where we'll be, the circle is broke
When you go, feeling that chokes
When you go, fever that soaks
When you go, you go away
Enter the unknown
When you go, it breaks all hope
When you go, cuz it chokes
