Gonna Make It Up

Empress Angie

GONNA MAKE IT UP

Ooh, oh, yeah
Ooh, yeah
Gonna make it up
(Make it up, make it up)
To you, my love
(Make it up, make it up)
Gotta make it up
(Make it up, make it up)
To you, my love
(Make it up, make it up to you)

Ah thought I could make it on my own
Till you left and I found myself alone
Hiding heart my heart behind my pride
To the world I seemed fine but I'm hurt inside
How can I go on this way?
When I want your love back again

(Chrous)

Ya neva know a good thing till it's goneeee
Cause the Love I have is the Love I want so I decided whatever it takes you gonna be my Lover once again
Baby a lean on your Love
Without your Love a just can't carry on

(Chorus)

Make up to you ohh ho
Make it up to you
