Still

Norma Jean

Still though you broke my heart still though we're far apart I love you still
Still after all this time still you're still on my mind I love you still
(Still though you broke my heart still)
I've lost count of the hours and I've lost track of the days
In fact I've lost just about everything since you went away
Everything that is except these mem'ries you left me
And that's one things no one can mar
I don't know who you're with I don't even know where you've gone
My only hope is that some day you might hear this song
And you'll know I wrote it especially for you and I love you wherever you are
Still though you broke my heart still though we're far apart I love you still
(Still though you broke my heart still)
This flame in my heart is like an eternal fire
For every day it burns hotter and every day it burns higher
And I haven't been able to put out one little flicker not even with all these tears
My friends all think I'm crazy and maybe I am
But I'll carry this torch just as long as I can
For someday you just might decide to come home
And I want you to know I'm still here I love you still
