Tuff Ghost

The Unicorns

Tuff ghost, tuff crowd, tuff love
Sit down
Sit down
Sit down

Tuff ghost, tuff crowd, tuff love
Sit down
Sit down
Sit down

Say something now
Say something now

The tuff ghost disappears for 3 days
The tuff ghost is set in his ways
I don't want to hurt you

[GHOST]
Well you can't, 'cuz i'm already dead

The tuff ghost is invincible
No guts came out when he bled

[GHOST]
Well i lift weights, but i don't sweat.
I go for a swim, but i don't get wet
I don't care about anyone else
I'm a strong dead man, looking out for himself

I think you're suffering, that's why you're so mean
You're already dead
I can see right through
See right through
See right through
Right through you
See right through
See right through
See right through
See right through
