

# Kissed Her Sister

## Brite Futures

It started out and everything was fine and swell  
I was crushin' and she could tell  
She's kinda punk but she likes The Kinks and Queen  
Gossip girl, and fashion magazines(Did you ask her out?)  
I did last week  
Went to a movie  
She kissed my cheek(Did you see her again?)  
I did last night  
Went to a party  
She got quite a sight I kissed her sister  
Couldn't resist her charms  
Now I'm in trouble  
I'm seein' double, oh no How the hell was I supposed to know?  
She's got a twin oh say it isn't so  
Should have studied her freckles and her quirks  
Now I'm a loser look like a jerk(So she walked in on you?)  
She saw me in the kitchen  
Then she started bitchin'(Understandably so)  
What was I to do?  
Suddenly there were two I kissed her sister  
Couldn't resist her charms  
Now I'm in trouble  
I'm seein' double, oh no I kissed her sister  
Couldn't resist her charms  
Now I'm in trouble  
I'm seein' double, oh no Honest mistake (x8) Why didn't she tell me?  
If she don't forgive me what will I do?  
I just gotta tell her  
I only kissed her 'cause I thought she was you  
Let's go listen to Buzzcocks  
Rock out to Tupac  
Forget all this small talk  
Walk on the beach  
Suck down a milkshake  
During an earthquake  
Spare me the heartbreak  
It's an honest mistake(So she walked in on you?)  
She saw me in the kitchen  
Then she started bitchin'(Understandably so)

What was I to do?  
Suddenly there were twoI kissed her sister  
Couldn't resist her charms  
Now I'm in trouble  
I'm seein' double, oh noI kissed her sister  
Couldn't resist her charms  
Now I'm in trouble  
I'm seein' double, oh no
