

Informer

Dropkick Murphys

[Originally by The Business]Why'd you give him 18 years
Leave a family drowning in tears
Baby boy baby girl
Now their lives a living hellSome say it shouldn't be done
But life on the dole ain't no fun
Shouldn't have been done
You're an informerYou didn't have to name him to the law
Just trying to stop from being poor
Hopes the kids will pull through
Without a dad coz of you
