In the Mouth a Desert

Pavement

Can you treat it like an oil well
When it's underground, out of sight?
And if the sight is just a whore sign
Will it make enough sense to me?Pretend the table is a trust knot
We'll put our labels down, favors down
I'll watch some yards of twine unravel
And you'll never get it backIt's what I want, it's what I want
(It's what I want, twine comes down)
It's what I want, it's what I want
(It's what I want)Don't you know, I could make you try
Make you try, make you try, make you tryWell, I've been down, the king of it
It is all I have, I've been down
And I could wait to hear the words
They're diamond sharp todayIt's what I want, it's what I want
(It's what I want, twine comes down)
It's what I want, it's what I want
(It's what I want)Don't you know, I could make you try
Make you try, make you try, make you tryWell, I've been down, well, I've been down
Down, down, down, down, down
Down, down, down, down, down
