1st Verse:

Picture yourself as a ninja
leaping rooftops on buildings
Dashing through villages
as you pillage
to settle vendettas

While sending letters to comrades
in battle
Causing dismantlement

Over established forces
in opposition

Yes, I represent the-

Uchiha

This is our story
The scream of a thousand birds is gory
It's Sasuke
Master Chidori

Itachi

No surprise
He got the Mangekyou in the Eyes

Bring any human
Yes, we will sting them
That's why they call us
the Kings of Sharingan

Listen-

My name is Eddie Rath
And I'm ready to hold it steady
Performing many jutsu for you
About twenty

Or while I'm using a machete
to chop ninja to confetti

Not yet a celebrity
Leaving ninjas as nothing but a memory
