

Distraction

Slaptop

There's a way
To forget you baby
She hold me tight
All night long
She ain't the one
Who I think about lately
Miss the way you
Treat me wrong

All night
Hot fight
In the magazine
Black dress
Hot mess
She broke the dream
No plans
Tall cans
Unstolen beach
Blue chip
Blue slip
Just out of reach
So fine
Red wine
I ever seen
Been out on the dance floor
Where you been?
Don't care
Long stare
In the street tonight
White lights
Dark eyes
Never burn so bright

There's a way
There's a way you
Hold me tight
Hold me tight
All night long
