

Underjoyed

Jack Off Jill

The doctor released me
a case of underjoyed
No lack of nutrition
something I can't avoidNo mental condition
maybe I'm paranoid
or maybemaybe
I'm just bored
I'm just damn bored
I'm just damn bored
I'm just damn boredAn old friend convinced me
that he was underjoyed
He never caused friction
his ego he destroyedHe made a decision
He jumped into the void
or maybemaybe
he's just bored
he's just damn bored
he's just damn bored
he's just damn boredDrown your fears in alcohol
everybody spills and falls
Choke on every dream you ever hadDrown yourself in alcohol
everybody slips and falls
Choke on every dream you ever hadKeep yourself in 6 degrees
no one ever comforts me
why should they bother
When I'm alone and I'm so damn boredI am so bored
I am so bored
I am so
NO NO NO NOW
BOREDI am so bored
I am so bored
I'm so damned
that keeps me underjoyed
