Magic (The Swiss Remix)

Ladyhawke

You came to my show
And I saw you in the crowd
I didn't know your name
I didn't know your nameI asked all my friends who you were
And your story
They told me the same
They told me the sameI left my heart to you but it's not fair
'Cause you're taking me for granted, baby
I made a stone with you but it's not fair
'Cause you're over me and land it, babyOne journey for you but it's worth it
One life and with me and it's magic
One journey for you but it's worth it
One life and with me and it's magicYou stayed at my head
While I saw you all the time
I didn't think you care
I didn't think you careI fought you all day
With a mouth full of attitude
You stole my away
You stole my awayI left my heart to you but it's not fair
'Cause you're taking me for granted, baby
I made a stone with you but it's not fair
'Cause you're over me and land it, babyOne journey for you but it's worth it
One life and with me and it's magic
One journey for you but it's worth it
One life and with me and it's magic'Cause you're over me and land it, baby
'Cause you're taking me for granted, baby
'Cause you're over me and land it, babyOne journey for you but it's worth it
One life and with me and it's magic
One journey for you but it's worth it
One life and with me and it's magicOne journey for you but it's worth it
One life and with me and it's magic
One journey for you but it's worth it
One life and with me and it's magicOne journey for you but it's worth it
One life and with me and it's magic
One journey for you but it's worth it
One life and with me and it's magic
