

# International Feel

**Todd Rundgren**

Here we are again, the start of the end  
But there's more  
I only want to see if you'll give up on me  
But there's always more  
There is more, international feel  
And there's more, interplanetary deals  
But there's more, interstellar appeal  
Still there's more, universal ideal  
  
Still there's more, international feel  
I swear something lies  
In your ears and your eyes  
'Cause there's more  
You hear and you see yet you do not believe  
That there's always more  
(I know)
