Superbad

Aqeel

My bad, my bad
I turned a good girl to superbad
This pretty young thing's a freak
I know you're mad but that's just too bad
Come on
And if you're down tonight
I know that I can make you feel alright
Triple X rated baby that's what I'm like
Loosen up don't be so uptight
Baby I'm down to ride, all night
With or without the lights
'Cause you, know just what I like
So I'll be superbad girl tonight
I never really been the kind of guy
To get up and go hit the club
But I was scrapin' by and I was high
Thought to myself I said what the fuck
I walked in with an evil grin proceeded walkin' over to the bar
And there you are I had to ask who you were
Where you been, then look you up and down again
Let's get the fuck out baby and, take your friend
I'm a gentlemen but I get triple X tambien
I get sick with it love it and I can't pretend
When I'm up into ya hopin' it never ends
I don't want to brag, I don't mean to boast
But I'm one bad homeboy from the west coast
There ain't no stoppin' your ass, whoa
Later on I'll be up in that ass, ho
And if you're down tonight
I know that I can make you feel alright
Triple X rated baby that's what I'm like
Loosen up don't be so uptight
Baby I'm down to ride, all night
With or without the lights
'Cause you, know just what I like
So I'll be superbad girl tonight
My bad, my bad
I turned a good girl to superbad
Yeah, I know I'm fast I'd hate to waste yo' time

I'm not tryin' to fall in love, not tryin' to make you mine
I just think that we can have some fun
I really want to go and I really want you to come
What do you say, don't you like to play?
If so, then we can play until the break of day
You look so good, good enough to eat
I bet you taste so sweet, excuse me I'm just a freak
And I don't mean no disrespect
I just really wanna kiss and lick your neck
Send chills up and down your spine
I can't help myself baby you're just way too fine
What you expect, some kind of pickup lines?
Hell no, I just wanna blow your mind
Cut to the chase, get straight to the point
Let's escape this place, let me get naughty wit' cha body
Come on
And if you're down tonight
I know that I can make you feel alright
Triple X rated baby that's what I'm like
Loosen up don't be so uptight
Baby I'm down to ride, all night
With or without the lights
'Cause you, know just what I like
So I'll be superbad girl tonight
Girl you gonna tell your mom and dad
You went from good girl to superbad?
It all started with a one night stand
I gave the best sex you've ever had
It got hot, you ripped off your clothes
Followed me over to the bed hit me, just like Mary J
And baby went straight to my head
She was, soakin' wet and drippin' with sweat
And I was, givin' her somethin' that she won't forget
She went home with me, somethin' she won't regret
Sex so good it should come with a cigarette
Three hours in, baby doll's a 10
So I had to lick her up and down again
She said your ride have been more than a ride
Here's my number if you're down for tomorrow night, alright
And if you're down tonight
I know that I can make you feel alright
Triple X rated baby that's what I'm like
Loosen up don't be so uptight
Baby I'm down to ride, all night
With or without the lights

'Cause you, know just what I like
So I'll be superbad girl tonight
My bad, my bad
I turned a good girl to superbad
My bad, my bad
I turned a good girl to superbad
My bad, my bad
I turned a good girl to superbad
My bad, my bad
I turned a good girl to superbad
