

Universal Traveler

Air

I know so many places in the world
I follow the sun in my silver plane
Universal traveler If you have a look
Outside on the sea
Everything is white
It's so wonderful
Universal traveler So far, so far
So far away I met so many
People in my life
I've got many friends
Who can care for me
Universal traveler Just feel everywhere at home
Tomorrow
Is a brand new day
Let's go somewhere else
Universal Traveler So far, so far
So far away
