

# Jump

## The Cube Guys

Palm trees in black and white  
Last thing I saw before I died  
Palm trees in black and white  
Was the last thing I saw before I died

Right line, right man  
Right mixture of cocaine an heroin  
Do you wanna jump, jump, jump?  
Do you wanna jump, jump, jump?  
Do you wanna jump, jump, jump?  
Do you, do you wanna?

Heaven in believe  
Cadillac convertible with him  
Hot shot at two A.M.  
You got that grin of a very hollow man  
Do you wanna jump, jump, jump?  
Do you wanna jump, jump, jump?  
Do you wanna jump, jump, jump?  
Do you, do you wanna?

Palm trees in black and white  
You hot junkie on your window smiling wide  
Palm trees in black and white  
Lean forward and you close your eyes  
Last fight, fuck them  
Last words before you went and left again  
Do you wanna jump, jump, jump?  
Do you wanna jump, jump, jump?  
Do you wanna jump, jump, jump?  
Do you, do you, do you wanna?  
Just do what you love, just do what you can  
Just do what you love, just do what you can  
Just do what you love, do it better than  
Just do what you love, do it better than  
Do you wanna?  
Do you wanna?  
Jump
